

Christmas – Themed Paper Chain

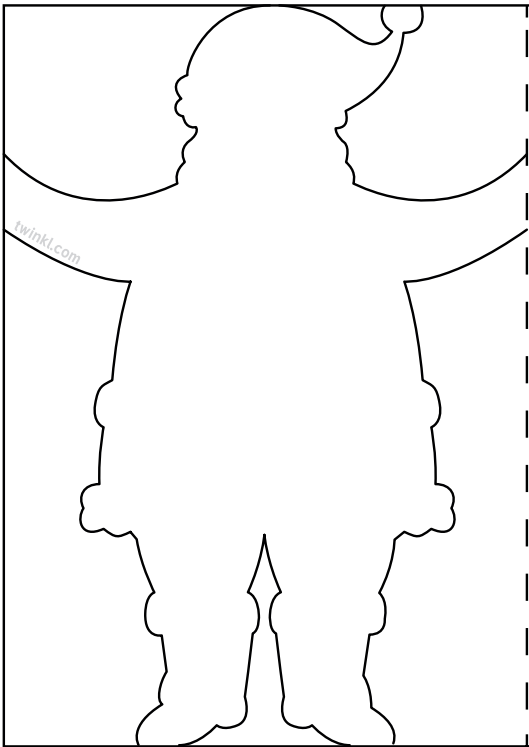

You will need:

- Template of your choice
- Pencil
- Scissors
- Decorations

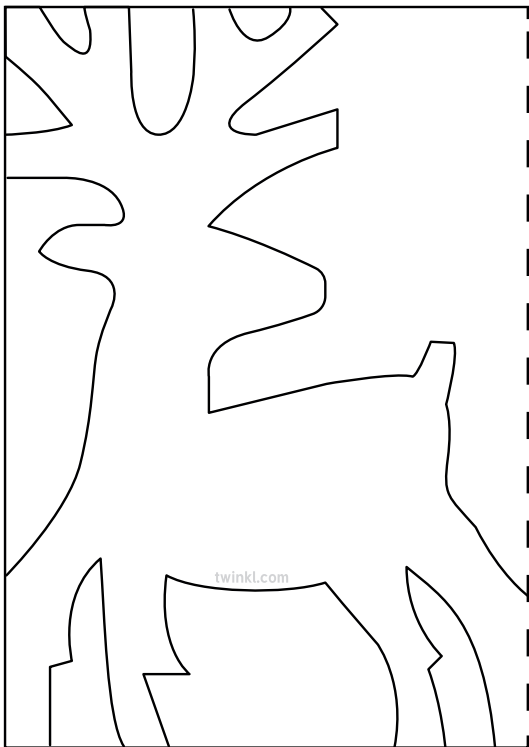

Instructions:

1. Cut out the strip containing the outline you want to use for your paper chain.
2. Using the dotted lines to help you, fold the strip into a concertina (or zigzag) shape.
The outline of the festive shape should be on the top layer.
3. Carefully cut around the outline through all of the layers, ensuring there is a join at the folded edges that is not cut.
4. Unfold your paper chain and decorate it!
5. Why not try linking two or more chains together?

A large rectangular area divided into three vertical sections by dashed lines, intended for writing or drawing.
